PROFESSIONAL PROFILE

My background as a Web Developer at TheYachtMarket, along with my education in BSc Business Information Technology and MSc Digital Design, have allowed me to gain lots of skills that would benefit me greatly in my chosen field within the Digital Design industry.

I have gained extensive experience using HTML, JavaScript, Bootstrap, Responsive CSS (Sass) Styled Components, React and XML/JSON, Razor, VB/C#, .NET, SQL, Adobe Creative Cloud, Email template design, Brochure and banner design.

Excellent verbal and written communication skills, able to work with team members and offer support and guidance if needed. I am a creative thinker with excellent problem-solving skills as well as strong time management skills on completion of projects to deadlines.
